

UNWIND

— ON THE NORFOLK BROADS —

WELCOME TO HERBERT WOODS

What better way to discover the beauty and magic of the Norfolk Broads than on board a Herbert Woods cruiser.

You're at the helm so there is no need to rush, this is a holiday at your pace where you can take time to enjoy the beautiful surroundings, spend time with family and friends, relax and recharge.

Don't worry if you have never driven a boat before, most of our customers have little or no experience when they first arrive. Our cruisers are very easy to handle and our engineers will give you a thorough tutorial and a test drive

before you depart for your holiday. All of our cruisers are fully equipped with everything you may need for a comfortable stay (although we do ask you to bring your own towels). Our friendly team are always on hand to help your holiday run smoothly.

We can't wait to meet you and look forward to welcoming you to Herbert Woods.

Broads National Park

The Norfolk and Suffolk Broads are Britain's largest protected wetland and third largest inland waterway, with the status of a National Park. Covering over 300 square kilometres of land and water, and home to 11,000 species of wildlife – many of which are unique to the Broads – this is a globally important area for biodiversity. **Please turn to page 12 to learn more.**

Investors in Wildlife

We believe in preserving Norfolk's wildlife, countryside and environment, which is why we have become Investors in Wildlife with Norfolk Wildlife Trust. **Read more about this on page 13.**

TripAdvisor

We have been awarded TripAdvisor's Certificate of Excellence 2018! Read our customer reviews online at tripadvisor.co.uk/herbert_woods

We are always looking for ways we can improve our service and love to hear what our customers think of us. So once you have returned home please head on over to our TripAdvisor page and leave us a review of your holiday.

WiFi

We believe that a boating holiday is the perfect opportunity to disconnect from the digital world and reconnect with friends and family, which is why our cruisers do not have Wi-Fi onboard. However, if you do need to get online during your stay Wi-Fi is available for free within our marina, just ask for a code on arrival, and at various hotspots around the Broads.

Help us look after the places you love to visit.

Through our support for the Love the Broads project, we are helping to raise funds for projects to ensure that the Broads are kept special for future generations. We do this by donating £1 from each holiday booking. So far our donations have helped finance additional free moorings at Thurne Mouth, the re-opening of the riverside footpath in Reedham and life jackets & binoculars for school groups visiting NWT Ranworth & Hickling reserves. **Find out more on page 14. All of our cruisers come with well-equipped kitchens* so you can cook for yourselves or go out and enjoy wonderful, local, home-cooked food at one of the many riverside pubs and restaurants.

*Please note. All of our pans are stainless steel; if you prefer non-stick please bring your own.

Must try...

Pay a visit to one of our many local butchers for a magnificent selection of prepared meats. Choose from Cajun chicken kebabs, marinated lamb chops or meatballs in tomato and garlic sauce and team with salad, potatoes or pasta for a scrumptious meal that everyone will enjoy.

Made in Norfolk using local cream, milk and fruit. Your Broads holiday isn't complete without trying a scoop or two of Ronaldo's Ice Cream.

There is nothing better than fruit and veg straight from the field. Pick your own or stop off at one of the many local grocers or roadside stalls.

WELCOME TO THE BROADS NATIONAL PARK

The Broads National Park is Britain's largest protected wetland. Its scenic waterways, rare wildlife and rich history make it the ideal place to get away from day-to-day life.

Wildlife

The Broads is renowned for its biodiversity. The area is home to more than a quarter of the rarest wildlife in the UK. Around 230 nationally important invertebrates (mini-beasts) can be found in the Broads including Britain's largest butterfly, the swallowtail, and the rare Norfolk hawker dragonfly.

The rivers and Broads are home to many kinds of fish including perch and pike, and birds are in abundance. Popular sightings include great crested grebe, teal, wigeon and marsh harrier and if you are lucky you might spot a kingfisher or a bittern.

The Fens alone have more than 250 different plants including the nationally protected Fen orchid and the rare crested buckler fern, as well as being home to otters, harvest mice and water shrews.

Scenic Countryside

The low-lying landscape of the Broads is unique to this area and provides a source of inspiration to many artists and photographers.

Enjoy vast skies and wide open spaces dotted with wind pumps, pretty market towns and villages and meandering rivers surrounded by farms and marshland.

Cultural Heritage

The Broads has a rich cultural heritage. Originally created in the 12th century by peat digging, historical records show that the pits gradually began to fill with water, making the peat more difficult to extract. Eventually, in the 14th century, peat digging was abandoned and the pits left to flood, which resulted in the wetland we see today.

The area is home to more than 150 medieval churches, a Roman fort, a Benedictine monastery

and traditional drainage mills. The Broads is also the only member of the national park family to embrace a city, as the River Wensum runs right into the historical city of Norwich.

WE LOVE THE BROADS

Help us look after the places you love to visit

Love the Broads was set up by the Broads Charitable Trust and the Broads Authority with the aim of raising money for projects which preserve, protect and enhance the Broads and which will have a positive impact on local communities and visitors.

As a Love the Broads partner, Herbert Woods raises funds for projects that are close to our hearts and those of our visitors. By donating £1 from every holiday booking to Love the Broads, we can ensure that the Broads are kept special for future generations.

In 2018 our donations helped restore and reopen the permissive footpath in Reedham, a popular footpath forming part of the Wherryman's Way and linking the river ferry to the village.

2019 projects include, funding life jackets and binoculars for Norfolk to enable local school children to experience the Broads wetlands by boat at Norfolk Wildlife Trust's Ranworth and Hickling reserves.

How can you help?

If you would like to help support Love the Broads, you can purchase a Love the Broads badge from reception, alternatively donate via text message. Simply text NBCT01 then a space and then the amount you wish to donate and send your message to 70070.

FIND YOUR PERFECT CRUISER

Choosing your holiday cruiser may seem a little daunting, so we have put together a few things for you to consider before making your decision.

Boat Size

Our boats can sleep between 2 to 12 people. One of the main decisions when choosing your cruiser is whether you wish to use the saloon for sleeping by converting the seating area into a bed each night.

Steering Position

Dual Steering

Stylish and modern looking, these boats have an inside forward steering position and an outside steering position on the upper deck. However, there are steps between the two positions and the height of the cruiser may mean that you have difficulty fitting under some of the bridges on the Broads.

Front Steering

Boats with a forward steering position tend to be on one level giving ease of access. Some have a split sliding roof to open over the seating area on sunny days.

Central Steering

Boats with a central steering position tend to have a sliding roof over the saloon steering area for opening on warm days. The steering area is often raised giving good visibility.

Aft Cockpit

These boats usually have a rear entrance to the cabin. Some have a folding canopy over the rear steering area which can be lowered for open air dining and steering.

Ease of Mobility

The low, single-level boats are more suitable for those with restricted mobility.

Features

All our cruisers are fully equipped to ensure you have a safe, comfortable and carefree holiday, with each craft featuring:

- 240v electricity supply (via inverter with wattage restrictions)
- Flush toilets, hot and cold water, and temperature-controlled showers
- Warm air or radiator heating
- Colour television, DVD player, radio/CD player
- Shaver Points

Additional Features

Some of our boats also include the following extras to make your stay even more comfortable; please check the individual cruisers' Key Features.

- Bow thrusters, for ease of mooring
- Electric safe
- Shore power

TERMS & CONDITIONS 2019 - CRUISER

Minimum Passengers

For safety reasons each cruiser must have a minimum of two adult passengers on board.

Fuel Deposit

A fuel deposit of up to £150, depending on the size of cruiser, is required in advance for all cruiser holidays. At the end of your holiday, the balance of any fuel remaining will be repaid to you.

Damage Waiver/Security Deposit for Hire Cruisers

Although boats are insured by Herbert Woods, you (the Lead Hirer) are primarily responsible for any damage or loss to the boat and its equipment or for any damage to third party property. You will be held responsible for all damage caused by your own actions and those of other members of your party.

The payment of a mandatory, non refundable waiver (£45 up to 6 berth and £55 for 7 berth and above) will safeguard the Lead Hirer from any liability in the event of accidental damage to the boat, its fittings or loss of its equipment. It does not cover damage or losses caused by wilful damage or negligence on the part of the Lead Hirer and their party. The return of the boat late or in an unclean condition will incur an extra payment.

Single Sex and Non Family Groups

On arrival you (the Lead Hirer) will be required to read and sign the Hirers Code of Conduct. This sets out the behaviour we expect from you and your party throughout the duration of your holiday, failure to comply with this Code of Conduct may result in immediate termination of your holiday without compensation. In addition to the Damage Waiver, a Security Deposit of £50.00 per berth (e.g. 4+2 berth = £300), payable by credit/debit card is required from the Lead Hirer for all single sex and non-family groups, this must be paid 56 days before arrival. HW also reserves the right to charge an additional Security Deposit for any non-family group, stag or hen bookings on arrival, this must be paid by credit/debit card before you commence your holiday. If you return the boat on time, in a clean condition and without damage, loss of equipment or third party claim against you, the deposit will be processed within 7 days. Where loss or damage has occurred, all or part of your security deposit may be withheld by Herbert Woods to cover the cost of loss of use of the boat, repairs, extra cleaning etc. Notwithstanding the above if you or any member of your party either fail to comply with booking conditions or cause negligent, wilful or criminal damage you will be fully liable for any loss incurred.

Complaints

In the event that you find a problem with your boat or the service we provide we ask that you bring this to our attention as soon as possible during your holiday to give us the opportunity to rectify the problem (see clause 16).

Our 2019 Holiday brochure is prepared many months in advance of the holiday season to which it relates, so changes may be made to the information contained in it. If any significant changes occur before you have booked, we will endeavour to tell you at the time of booking or pass on the necessary information to you. The prices contained in the brochure are correct at the time of going to print.

1. Your Contract

Your contract is with Herbert Woods LLP (referred to throughout as "HW"). Any contract to hire a boat listed in this brochure and current supplements incorporates the conditions below and is between HW and you as the Lead Hirer. The Lead Hirer will assume responsibility for all guests who make up the party and compliance with these terms by all party members. The contract does not take effect until HW dispatch written confirmation of your booking to you.

2. Booking

All Correspondence will be sent to the address on the booking form. HW may refuse to accept a booking at its discretion and will not accept any booking from a person less than 18 years old.

3. Payments

On booking you will be required to pay a booking deposit in part payment for the cost of your boat. It will be refunded if your booking is not confirmed by HW. The balance of the holiday price must be received by HW no later than 56 days before the holiday start date. If booking within 56 days, full payment must be made when booking. If booking within 14 days of the start date, full payment must be made by debit or credit card. It is not normal practice to send reminders and if final payment is not received as required, HW may cancel the booking and apply charges (see paragraph 8). Travel documents will not be released until full payment has been received by HW. Post dated cheques are unacceptable and HW may recover the cost of any bank charges or other costs incurred in handling dishonoured cheques, direct bank payments and foreign currencies.

4. Price Guarantee

HW guarantees that there will be no surcharges within 56 days of your departure but reserves the right to alter the price of any of its holidays before you make your booking.

5. Hire Terms

All hire terms are inclusive of VAT and quoted in £ sterling per boat per week/short break equipped as described unless otherwise stated. As soon as the booking is confirmed by HW, the hire terms are guaranteed unless there is a change in the rate of VAT.

6. Insurance

Protection against cancellation or curtailment of your holiday is mandatory – this is included in the holiday price and qualifying reasons for cancellation can be found on page 82. We also strongly recommend that you have adequate personal insurance cover for your holiday needs.

7. Alterations by You

If you wish to change your booking after HW has issued your confirmation, HW will do its best to help but has no obligation to make any change other than to allow you or any member of your party to transfer the booking to another party or parties, provided that written notice is received from the Lead Hirer. Transfer from one boat to another within this brochure will normally be possible. If HW is able to make changes, an administration fee of £35 will be charged. Please note that major changes may be treated by HW as a cancellation by you and will be subject to charges referred to in paragraph 8. Any change you wish to make to your holiday once it has been confirmed is your sole responsibility.

8. Cancellation by You

If you are forced to cancel your booking you must notify HW immediately by telephone and send written confirmation (signed by the Lead Hirer) by Recorded Delivery to Potter Heigham and enclosing your booking confirmation. The cancellation will be effective from the date HW receives written confirmation. If the reason for cancellation is within the terms of the HW cancellation protection, you will receive a refund of monies paid less a cancellation administration charge of £35. If the reason for cancellation falls outside its terms, HW will make a charge as below.
(a) Cancellation 56 days or more prior to start date: HW will retain the initial payment only. If you have not paid the full initial payment shown in the brochure at the time of booking, you must pay the shortfall.
(b) Cancellation less than 56 days before start date (or if HW cancels because you fail to pay the balance of the holiday price as required by paragraph 3) - you will be liable to pay the whole balance less any hire charges HW may be able to recover by re-letting the boat. It is not possible to make refunds for any other services booked but not used.

9. Alterations by HW

HW reserves the right to make changes when they become unavoidable or necessary. Most changes are minor but occasionally we may have to make a major change. If we have to make a major change or cancel, we will tell you as soon as possible and if there is time before your departure, we will offer you accommodation of at least equivalent standard, in which case no compensation will be paid. If this is not possible you may choose to:
(a) Purchase an alternative HW holiday (where available) with credit being given for the price of the cancelled holiday; or
(b) Cancel and receive a refund of money you have paid.

10. Cancellation by HW

HW will not cancel your holiday within 56 days of your departure unless it has to for reasons in paragraph 11 or unless payment is not received as per paragraph 3. HW may cancel your holiday at its absolute discretion on or before the date when payment of the full holiday price becomes due. If HW cancels, they will inform you as soon as reasonably possible and you will be offered either:
(a) A holiday of comparable standard (if available) together with a full refund of any price difference; or
(b) A full refund of any monies you have paid.
HW may at its absolute discretion refuse to hand over a boat or terminate a holiday where, in the opinion of HW a person or group is likely to cause damage, distress or annoyance to the boat, other persons or property. In such an event, HW will be under no obligation to refund, compensate, or indemnify you.

11. Important Note

No compensation will be paid by HW where cancellation or material change arises from:
(a) Unusual or unforeseeable circumstances beyond HW's control such as war, threat of war, riot, civil strife, industrial dispute, terrorist

activity, natural or nuclear disaster, fire or adverse weather conditions including flooding of waterways.

(b) Your failure to pay the balance of the holiday price within the time stipulated.
(c) As a result of behaviour as set out in paragraph 10.

12. Start and Finish of Your Holiday

(a) Unless otherwise stated, the time of arrival is 4.00pm on a one week hire and 2.30pm on a short break hire.
(b) In the event of problems preparing the boat, the right is reserved to delay departure without compensation until a repair is affected.
(c) HW will give you a demonstration and explain the controls of the boat and its equipment. You must notify HW as soon as possible, of any fault with the boat or its equipment so that it can be rectified.
(d) Non-arrival at the boatyard by mid-day on the day following start date without prior notification shall entitle HW to treat the booking as cancelled as per paragraph 8.
(e) Unless otherwise stated you must return the boat (with all gear and equipment) to HW's boatyard in a clean and tidy condition by 9am on the final day of hire. The boat will be inspected and a charge will be made if the boat is returned late or is not clean and tidy.
(f) You will be supplied with, on loan, a fully automatic life jacket for all adults and buoyancy aids for any children and shown how to use them. HW recommends that every member of the crew wears a life jacket when moving around on the outside of the boat.

13. Accidents

You (the Lead Hirer) are responsible for the boat's safe navigation and for the actions of each member of your party and you must take all reasonable care. No minor (aged under 14) may control the boat without the direct supervision of an adult. In the event of damage to or breakdown of the boat rendering it inoperable, however caused, no responsibility can be accepted by HW for loss of time or cost of alternative accommodation or any other damages or expenses incurred as a result. In the case of any accident or damage to the boat or any other craft or to waterway property you must, for insurance reasons:
(a) Record the name of any other boat involved with names, addresses and phone numbers of its owner and hirer and witnesses (where applicable); and
(b) Immediately report these facts to HW boatyard with full details and extent of the damage; and
(c) Report the full details in writing to HW on return from holiday quoting your booking reference number. No repairs may be put in hand without HW's consent.
(d) On returning the boat at the end of your holiday you must inform HW of any damage or items broken, lost or stolen.
Failure to adhere to any of the above may result in an additional charge at the end of your holiday.

14. Damage Waivers, Security and Fuel Deposits

Although boats are insured by HW, you (the Lead Hirer) are primarily responsible for any damage or loss to the boat and its equipment or for any damage to third party property. You (the Lead Hirer) will be held responsible for the actions of the other members of your party. HW will require:
(i) A damage waiver payment. This will indemnify you for any accidental loss or damage to the boat, its equipment or to any third party property (unless you are a member of crew from which a Security Deposit is required as described in paragraph below). The damage waiver is payable on booking and is non-refundable.
(ii) A Security Deposit of £50.00 per berth (e.g. 4+2 berth = £300), payable by credit/debit card is required from the Lead Hirer for all single sex and non-family groups, this must be paid 56 days before arrival. HW also reserves the right to charge an additional Security Deposit for any non-family group, stag or hen bookings on arrival, this must be paid by credit/debit card before you commence your holiday. If you return the boat on time, in a clean condition and without damage, loss of equipment or third party claim against you, the deposit will be repaid to you within 7 days. However, where damage has occurred or been reported, all or part of your security deposit may be withheld by HW, to cover the cost of repairs, extra cleaning and loss of use of the boat, where applicable.
Notwithstanding the above if you or any member of your party either fail to comply with booking conditions or cause negligent, wilful or criminal damage you will be fully liable for any loss incurred.
(iii) A fuel deposit to cover the cost of fuel used. The value of any unused fuel will be refunded upon your return at the end of your holiday. Fuel costs exceeding the fuel deposit will be charged to you. For further information see page 82.

15. Delays

Every boat is checked before the commencement of hire and in the event of problems preparing the boat for your holiday the right is reserved to delay departure without compensation until work is completed. HW shall not be responsible for the consequences of delays or restrictions on cruising arising from obstruction, repairs or damage to waterways, high tides, flooding, shortage of water, industrial action or other circumstances beyond their control. The right is reserved to restrict cruising if unusual or hazardous conditions prevail.

16. Complaints

On arrival you (the Lead Hirer) will be required to complete and sign a Boat Handover Certificate, by signing this document, you are agreeing to accept the boat in its existing condition. If for any reason you are unhappy with your boat on arrival you should notify HW immediately so that remedial action, if appropriate, can be taken. You should not sign the boat handover certificate until you are satisfied that the problem has been rectified.
If a breakdown malfunction or problem of any kind occurs during your holiday you must report it immediately so that repairs can be made to enable you to resume your cruise. You must not wait until you return at the end of your holiday to report it. If HW is informed they will take steps to rectify the problem as quickly is practical in the circumstances. Apart from these obligations, HW shall not be liable in any respect for any indirect or consequential loss or damage, whether financial or otherwise, suffered as a result of such a problem. No compensation will be paid for loss of time as a result of a breakdown, malfunction or problem of any kind.

If you remain dissatisfied, any complaint must be made in writing by the Lead Hirer, giving full, details within 30 days of the end of your holiday.

17. Broads Authority or Owners of Private Property

You are responsible for any charges made by the above in respect of loss of or damage to their property or anti-social behaviour caused by you while in charge of the boat.

18. Navigation Restrictions and Bye-Laws

On no account may you:
(a) Tow or be towed by other cruisers unless with professional assistance.
(b) Cruise after dark (your boat is not equipped or insured for night navigation).
(c) Permit your boat to be taken out to sea.
(d) Permit your boat to take part in any race.
You must navigate in accordance with current bye-laws and must observe the speed limits applicable to the waterway.
You must not under any circumstances attempt to pass under Wroxham or Potter Heigham bridges without using the services of the Bridge Pilot (the cost of this service is included in your hire charge). It is entirely at the discretion of the Bridge Pilot if he is willing to pilot the boat under a bridge – water levels vary depending on tidal and weather conditions and there are periods of time when it is not possible for boats which will normally pass under bridges to do so. Herbert Woods does not take responsibility for these navigational restrictions. Any damage caused to the boat and/or the bridge if you were to fail to comply with this rule will be regarded as wilful, not accidental damage and therefore the direct responsibility of the Lead Hirer, not covered by the damage waiver.
You must not attempt to sail down the River Bure approaching Gt. Yarmouth, except at slack water (normally 1 hour after low water at Gt. Yarmouth) see tide tables in Skipper's Manual. No hire boats may be taken below Haven Bridge, Great Yarmouth or through the lock at Oulton Broad. More detailed information is provided in the Skipper's Manual on your boat.
Please read your Skipper's Manual carefully before attempting to cross Breydon Water, which can be done safely with care. Failure to observe the instructions in the Skipper's Manual with regard to navigating across Breydon Water which results in the boat going aground or suffering damage will be regarded as negligent and/ or wilful damage and will not be covered by the damage waiver. If it is necessary for a rescue or tow boat to be summoned to tow you on Breydon Water you will at HW's discretion be charged up to £300 for arranging for a boat to attend the incident.

19. Hirers' Equipment

You may not take and use onboard the boat any gas appliances; portable heaters of any type; lighting equipment; hair straighteners; barbecues or any items which may cause danger to the boat, its equipment or its occupants.

20. Injury or Damage to You or Your Property

HW is not liable for death, personal injury, or loss or damage to you or your property, or any property belonging to or in the possession of the Lead Hirer or any member of their party (including any motor cars or their contents parked at the boat yard) unless it is caused by HW's negligence or wilful default.

21. Party Members with Limited Mobility

If you have any members of your party with limited mobility, you must enquire as to the suitability of the boat at the time of booking. Whilst no guarantee can be given, HW will offer assistance and advice as far as is practical.

22. Extra Persons

To comply with the terms of hire boat licensing regulations the number of persons indicated for each boat must not be exceeded at any time.

23. Optional Extras

Optional extras such as dinghies, etc. may be available at extra charge as stated in the brochure, but are subject to availability on your hire start date.

24. Pets

Two pets are normally allowed aboard a boat, at an extra charge, unless otherwise stated in the boat details.

25. Data Protection

In order to process your booking and ensure that your holiday runs smoothly we will need to collect and process personally identifiable information for you and all your passengers. In some instances, to ensure your safety, we may also be required to collect information regarding any physical or mental disabilities.
We take every care to ensure that the necessary security measures are in place to protect your information. Herbert Woods will not share your information with any third parties other than where required to do so by our insurers, government agencies or by law. By making a booking you are consenting to the above.
Your Data controller is Herbert Woods LLP. If you would like to request a copy of the information held on you or would like to invoke your right to be forgotten, please email us on privacy@herbertwoods.co.uk.

26. Modifications and Descriptions

Every effort has been made to ensure that individual boat descriptions contained in the brochure are correct. However, the right is reserved to make modifications to boat specifications that are considered necessary in the light of operating requirements. Layout plans in the brochure are for general guidance and are not to scale. Illustrations and photographs of standard production-built boats are sometimes used and the interior and exterior colour scheme and layout of your boat may therefore not be identical with the one in the brochure.

27. Disputes

Payment of Balance

Please note that the balance of hire terms and any extra charges and deposits should be paid 56 days in advance of your holiday start date unless otherwise stated on the booking confirmation. Receipts are issued to all customers.

Cancellation Protection

This is included in the brochure price. Cover is obligatory and is automatically provided against loss of your deposit and liability to pay the balance of hire charges if you have to cancel or curtail your holiday for certain unavoidable reasons.
(Please refer to paragraph 8 on the terms and conditions).

Please Note: Due to changes in financial regulations we are no longer able to offer personal insurance cover (we recommend you arrange private cover).

Qualifying Reasons for Cancellation

Death, illness, bodily injury, pregnancy or childbirth providing pregnancy commences after the insurance is affected. Jury service, witness call. Redundancy of hirer or their partner. Cancellation of arranged leave in respect of a member of HM Forces or police or unexpected occupational posting within six weeks of the commencement date of the holiday or fire, storm, flood, subsidence or malicious damage rendering the home uninhabitable.

Police requiring presence following a burglary or other incident at home or place of business.

Death, serious injury or serious illness of any member of your immediate family, fiancé(e), close business associate, partner or co-director.

Complaints

In the event that you find a problem with your cottage/apartment or the service we provide we ask that you bring this to our attention as soon as possible during your holiday to give us the opportunity to rectify the problem (see clause 11).

Our 2019 brochures are prepared many months in advance of the holiday season to which it relates, so changes may be made to the information contained in it. If any significant changes occur before you have booked, we will endeavour to tell you at the time of booking or pass on the necessary information to you. The prices contained in the brochure are correct at the time of going to print.

1. Your Contract

Your contract is with Herbert Woods LLP (referred to throughout as “HW”). Any contract to hire a property listed in this brochure and current supplements incorporates the conditions below and is between HW and you as “the Hirer”. The Hirer will assume responsibility for all guests who make up the party and compliance with these terms by all party members. The contract does not take effect until HW dispatch written confirmation of your booking to you.

2. Booking

All Correspondence will be sent to the address on the booking form. HW may refuse to accept a booking at its discretion and will not accept any booking form signed by a person less than 18 years old.

3. Payments

On booking you will be required to pay a booking deposit in part payment for the cost of your property. It will be refunded if your booking is not confirmed by HW. The balance of the holiday price must be received by HW no later than 56 days before the holiday start date. If booking within 56 days, full payment must be made when booking. If booking within 14 days of the start date, full payment must be made by debit or credit card. It is not normal practice to send reminders and if final payment is not received as required, HW may cancel the booking and apply charges (see paragraph 8). Travel documents will not be released until full payment has been received by HW. Post-dated cheques are unacceptable and HW may recover the cost of any bank charges or other costs incurred in handling dishonoured cheques, direct bank payments and foreign currencies.

4. Price Guarantee

HW guarantees that there will be no surcharges within 56 days of your departure but reserves the right to alter the price of any of its holidays before you make your booking.

5. Hire Terms

All hire terms are inclusive of VAT and quoted in £ sterling per property per week/short break equipped as described unless otherwise stated. As soon as the booking is confirmed by HW, the hire terms are guaranteed unless there is a change in the rate of VAT.

6. Insurance

Insurance against cancellation or curtailment of your holiday is mandatory – this is included in the holiday price. We also strongly recommend that you have adequate personal insurance cover for your holiday needs.

7. Alterations by You

If you wish to change your booking after HW has issued your confirmation, HW will do its best to help but has no obligation to make any change other than to allow you or any member of your party to transfer the booking to another party or parties, provided that written notice is received from the person who made the booking. Transfer from one property to another within this brochure will normally be possible. If HW is able to make changes, an administration fee of £25 will be charged. Please note that major changes may be treated by HW as a cancellation by you and will be subject to charges referred to in paragraph 8. Any change you wish to make to your holiday once it has been confirmed is your sole responsibility.

8. Cancellation by You

If you are forced to cancel your booking you must notify HW immediately by telephone and send written confirmation (signed by the hirer) by Recorded Delivery to Potter Heigham and enclose your booking confirmation. The cancellation will be effective from the date HW receives written confirmation. If the reason for cancellation is within the terms of the HW cancellation protection, you will receive a refund of monies paid less the cancellation administration charge of £35. If the reason for cancellation falls outside its terms, HW will make a charge as below.
(a) Cancellation 56 days or more prior to start date: HW will retain the initial payment only. If you have not paid the full initial payment shown in the brochure at the time of booking, you must pay the shortfall.
(b) Cancellation less than 56 days before start date (or if HW cancels because you fail to pay the balance of the holiday price as required by paragraph 3) - you will be liable to pay the whole balance less any hire charges HW may be able to recover by re-letting the cottage. It is not possible to make refunds for any other services booked but not used.

9. Alterations by HW

HW reserves the right to make changes when they become unavoidable or necessary. Most changes are minor but occasionally we may have to make a major change. If we have to make a major change or cancel we will inform you as soon as possible and if there is time before your arrival, we will offer you accommodation of at least equivalent standard, in which case no compensation will be paid. If that is not possible you may choose:
(a) A holiday of comparable standard (if available) together with a full refund of any price difference; or
(b) A full refund of any monies you have paid less credit card surcharges. HW may at its absolute discretion refuse to hand over a property or terminate a holiday where, in the opinion of HW a person or group is likely to cause damage, distress or annoyance to other persons or property. In such an event, HW will be under no obligation to refund, compensate, or indemnify you.

10. Cancellation by HW

HW will not cancel your holiday within 56 days of your departure unless it has to for reasons in paragraph 9 or unless payment is not received as per paragraph 3. HW may cancel your holiday at its absolute discretion on or before the date when payment of the full holiday price becomes due. If HW cancels, they will inform you as soon as reasonably possible and you will be offered either:
(a) A holiday of comparable standard (if available) together with a full refund of any price difference; or
(b) A full refund of any monies you have paid. HW may at its absolute discretion refuse to hand over a property or terminate a holiday where, in the opinion of HW a person or groups likely to cause damage, distress or annoyance to other persons or property. In such an event, HW will be under no obligation to refund, compensate, or indemnify you.

11. Complaints

No compensation will be paid by HW where cancellation or material change arises from:
(a) Unusual or unforeseeable circumstances beyond HW's control such as war, threat of war, riot, civil strife, industrial dispute, terrorist activity, natural or nuclear disaster, fire or adverse weather conditions including flooding of waterways.
(b) Your failure to pay the balance of the holiday price within the time stipulated.
(c) As a result of your behaviour as set out in paragraph 10 above.

If for any reason you are unhappy with your property on arrival you should notify HW immediately so that remedial action, if appropriate, can be taken.

If a problem of any kind occurs during your holiday you must report it to HW immediately so that a repair can be made. You must not wait until the end of your holiday to report it. If HW is informed they will take steps to rectify the problem as quickly is practical in the circumstances.

Apart from these obligations, HW shall not be liable in any respect for any indirect or consequential loss or damage, whether financial or otherwise, suffered as a result of such a problem. No compensation will be paid for loss of time as a result of a problem of any kind.

If you remain dissatisfied, any complaint must be made in writing by the Hirer, giving full details, within 30 days of the end of your holiday.

12. Start and Finish of Your Holiday

(a) Unless otherwise stated, the arrival time is 4.00pm on a one week hire and 2.30pm on a short break hire.
(b) Non-arrival by mid-day on the day following start date without prior notification shall entitle HW to treat the booking as cancelled as per paragraph 8.
(c) Unless otherwise stated you must vacate the property leaving it in a clean and tidy condition by 9am on the final day of hire. The property will be inspected and a charge will be made if it is not clean and tidy.

13. Accidents

You (the Hirer) are responsible for your own safety and the safety of each member of your party and you must take all reasonable care. In the case of any accident or damage to the property you must, for insurance reasons:
(a) Immediately report these facts to Reception with full details and extent of the damage; and
(b) On vacating the property at the end of your holiday you must inform HW of any damage or items broken.

14. Injury or Damage to You or Your Property

HW is not liable for death, personal injury, or loss or damage to you or your property, or any property belonging to or in the possession of the hirer or any member of the hirer's party (including any motor cars or their contents parked at the boat yard) unless it is caused by HW's negligence or wilful default.

15. Party Members with Limited Mobility

If you have any members of your party with limited mobility, you must enquire as to the suitability of the property at the time of booking. Whilst no guarantee can be given, HW will offer assistance and advice so far as is practical.

16. Pets

One pet is normally allowed per cottage, at an extra charge, unless otherwise stated in the individual property details.

17. Data Protection

In order to process your booking and ensure that your holiday runs smoothly we will need to collect and process personally identifiable information for you and all your passengers. In some instances, to ensure your safety, we may also be required to collect information regarding any physical or mental disabilities. We take every care to ensure that the necessary security measures are in place to protect your information. Herbert Woods will not share your information with any third parties other than where required to do so by our insurers, government agencies or by law. By making a booking you are consenting to the above. Your Data controller is Herbert Woods LLP. 18. Modifications and Descriptions

Every effort has been made to ensure that individual property descriptions contained in the brochure are correct. However, the right is reserved to make modifications to decor and furnishings that are considered necessary. Layout plans in the brochure are for general guidance and are not to scale. Our cottages & apartments are re-furnished regularly therefore the interior colour scheme of your property may not be identical with the one shown in the brochure.

19. Disputes

Any dispute, difference or question which may at any time arise out of the contract or the subject matter thereof will be between the Lead Hirer and HW and shall be governed by English law and you agree that any dispute will be dealt with exclusively by the courts of England and Wales.
